

HAIDA HOUSE HAPPENINGS

Article and photos submitted by Haida House at Tll.aal

Nothing makes it feel more like fall than the grey skies, whistling winds, and misty rains. The quiet lodge and dining hall are missing the movement of guests coming and going for their day's adventure and the chatter around the dinner table, reminiscing about the highlights of their explorations.

There is a lot of joy in what we do, year in and year out. Whether we assist our Bed + Breakfast guests on their itinerary planning to ensure they make the most of their trip to Haida Gwaii. Or guiding our all-inclusive guests we do it with our community partners in mind.

So many businesses, from the North to the South, opened their doors to Haida House visitors; the Haawa, *thank yous* are endless.

As we head into the planning phase of the year, we are already looking forward to next season. Wishing the community a happy and healthy holiday season... see you next year!
