WEEK

Celebrating Science!

Youth Events

Come learn about the journey of a bird from egg to adulthood, and the challenges along the way. This full day is designed to engage youth (grades 5 - 8) in the life of a bird, the world of scientific research & the spirit of volunteerism. Lunch & snacks provided .

Sunday September 17, 9am - 3pm. Old Massett Youth Centre.

Sunday September 24, 9am - 3pm. Skidegate Youth Centre.

Evening Talk

This evening will celebrate scientific research happening on Haida Gwaii through a series of short presentations. Local researchers and citizen scientists will talk about their research, their findings, and what the process has meant to them along the way.

Tuesday September 19, from 7pm - 8:30pm. Haida Heritage Centre. Refreshments provided.

Science Literacy Week

This September, we're excited to take part in this cross-country celebration of science in Canada! After a fantastic 28th field season, we're using this week as an opportunity to share our love for seabirds with youth, and to promote some of the incredible research, led by researchers and citizen scientists, happening on Haida Gwaii.

Laskeek Bay
CONSERVATION SOCIETY

Registration required for youth events.
